Rapid ROI & Low TCO

Inexpensive passive tags + immediate labor savings = fast return on investment.

Find Every Asset in Seconds, Not Hours

You're responsible for assets, performance, and accountability — but you're operating with blind spots.

- ✗ Assets go missing
- ✗ Handoffs break down
- ✗ Lack of visibility across your ops and out your gates.
- ✗ Data lives in disconnected systems

And when something goes wrong... you're the one answering for it. We've been there. Operations shouldn't rely on guesswork.

GY6Trac delivers real-time, RFID-based visibility that works anywhere in the world — with no infrastructure required.

With GY6Trac, You:

- ✓ Eliminate blind spots
- ✓ Achieve ROI in days
- ✓ Speed up handoffs
- ✓ Reduce lost assets
- ✓ Gain total accountability
- ✓ Get seamless, day one visibility

Wherever your assets go — yard, warehouse, partner facility, or across the globe — you'll know exactly where they are and what happened.
